Claims 1 to 44 are pending.

1. This application is in condition for allowance except for the following formal matters:

A...The drawings are objected to because the line quality in many of the figures is poor making some details difficult to discern, some of the reference numerals are hard to read, and the associated lead lines are often of poor quality. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

B...The abstract of the disclosure is objected to because the abstract is of excessive length and should be amended to more concisely and directly correspond to

Art Unit: 2652

the claimed invention. The fact that this application was forwarded to the Examiner for examination suggest applicant supplied a corrected abstract in response to the NOTICE TO FILE MISSING PARTS OF NONPROVISIONAL APPLICATION mailed 6-1-2004 but the Examiner could find no such corrected abstract in the file.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
